

PROFILE SUMMARY

AI Developer skilled in building intelligent systems using machine learning, RAG, and fine-tuning techniques. Proficient in **Python**, **SQL**, and cloud platforms including **AWS** and **GCP** for scalable AI applications. Experienced in deep learning, NLP, computer vision, model deployment, MLOps, data engineering, and API integration. Hands-on experience with analytics, business intelligence, and large-scale data infrastructure. Familiar with **Generative AI**, **Prompt Engineering**, and AI-powered **data workflows** to enhance intelligent applications.

EDUCATION

Bachelor of Technology in Computer Engineering (2021-2025) | 6.81 CGPA

Kashi Institute of Technology, India

Class 12 | 74% **2021**

Little Flower House, Varanasi

Class 10 | 84% **2019**

TECHNICAL SKILLS

Languages:	Python Java PHP Javascript SQL
Technologies	Artificial intelligence Machine Learning PyTorch TensorFlow Airflow Spark Numpy Pandas Matplotlib Seaborn Scikit-learn
Tools:	Langchain N8N (AI) Streamlit Vertex AI Git Github MLFlow Jira Power BI Tableau Fast API Gemini Open AI Hugging Face Snowflake LamaIndex Kaggle Hadoop AWS
Other Technology Expertise	HTML CSS React Js Cloud Computing Spring AI DevOps Spring Boot Rest API WordPress Apache Kafka Kubernetes Docker Node JS MS Excel Azure Jenkins
Other Skills:	Effective Communication Analytical Skill Quick Learning Time Management

WORK EXPERIENCE

Software Developer Intern (Internship) | DIZI GLOBAL SOLUTION **September 23 - October 23**

- Key Result Areas:**
- Contributed to software development by developing web applications, and implementing CI/CD pipelines to streamline project delivery and ensure efficient deployment.
 - Successfully delivered multiple projects aligned with client requirements, contributing to a 10% increase in organizational sales during the internship period.

PROJECTS

- AI PDF Reader**
- Developed an AI-powered PDF reader using LangChain, Streamlit, FAISS, and Pinecone, enabling users to query documents and receive precise, context-aware responses effortlessly.
- AI Chatbot Agent**
- Developed and trained AI chatbot to handle organizational queries, delivering accurate, context-aware responses and improving overall user interaction experience.
- Data Cleaning & Processing with Interactive Dashboard**
- Designed an interactive and visually appealing Power BI dashboard for telecom analysis, integrating ETL processes and machine learning predictions using tools like MS Excel and Pandas.

CERTIFICATIONS

- Microsoft AI Certificates
- Advanced Digital Marketing
- Robotics
